

RUSTICUS is a hood suitable for decorative lighting. Elegant and simple design, with the possibility of being sold in different colors and finishes.

With LEDs with a high Color Rendering Index (Ra>80) and a high overall luminous efficacy of between 109 and 150 lm/W. LEDs with different color temperatures available.

PRODUCT DESCRIPTION

Assembly	Suspension;
Body	Spun aluminum;
Aplicação	Commercial spaces; Offices; Exhibition areas;
CRI	Ra>80;
Diffuser	O - Opaline;

ELECTRICAL SPECIFICATIONS

Max. Supply Current.	700 mA;
Power Factor	> 0,90;
Class of electrical protection	I;

STANDARDS (PRODUCTS MANUFACTURED ACCORDING TO:)

EN 60598-1:2004

FINISHES

Wh	White (RAL 9110)
Ct	Corten

Other finishes on request

PACKAGE

Dimension (mm)	510x510x300
Weight (kg)	3,0

MECHANICAL DRAWINGS (mm)

			950	3551	130

NOTE: Nominal values at temperature (Tp - 25°C) | (*) - Normal system (without control);
The luminaire's luminous flux and input power are indicative values valid for an ambient temperature of 25°C. The actual flux emitted by the luminaire depends on environmental conditions (e.g. temperature and pollution) and may vary according to specific configurations. The reported values are subject to the tolerances in technology.

HO - High output flux;
HE - High efficiency;
